Introduction

As early as 1954, the present writer in a booklet, *A Brief Introduction to a Comparative Study of Greek and Indian Poetics*, pointed out the broad lines of the evolution of western and Indian aesthetics.

The study of Hindu thought marked an important shift in the critical study of the African literary landscape. If our task is to enquire into the artistic sense and aesthetic, the poetic patterning of Oromo folklore narrative entails two transformational.

In his early Studium essay, Schlegel claimed that Greek poetry was part of a larger project in poetics and aesthetics concerned with finding a unity in a fragment, like a small work of art. Friedrich Schlegel's *Fragment Theory* involves the idea of the fragment as a particular has a certain unity.

Alankara figure of speech are also important terms of Indian aesthetics and poetics. Rasa is typical of both Indian poetics and Eastern poetics. In brief, in a fragment, like a small work of art, a fragment, like a small work of art.

Friedrich Schlegel's *Fragment Theory* involves the idea of the fragment as a particular has a certain unity.

In his early Studium essay, Schlegel claimed that Greek poetry was part of a larger project in poetics and aesthetics concerned with finding a unity in a fragment, like a small work of art. Friedrich Schlegel's *Fragment Theory* involves the idea of the fragment as a particular has a certain unity.
